

3RD, 4TH & 5TH AUGUST, 2018 50TH HASH RELAY

It's Ridgely Didge @ Lightning Ridge

An equidistant 500 miles from Sydney and Brisbane is Australia's most unique Opal town and it's on most hasher's bucket list.

Next year's HASH RELAY will pay homage to the years of past Relay glory as well as unearth some new gems in a rough bush town that has character and surprise to match anything we have encountered on previous missions into our vast countryside.
